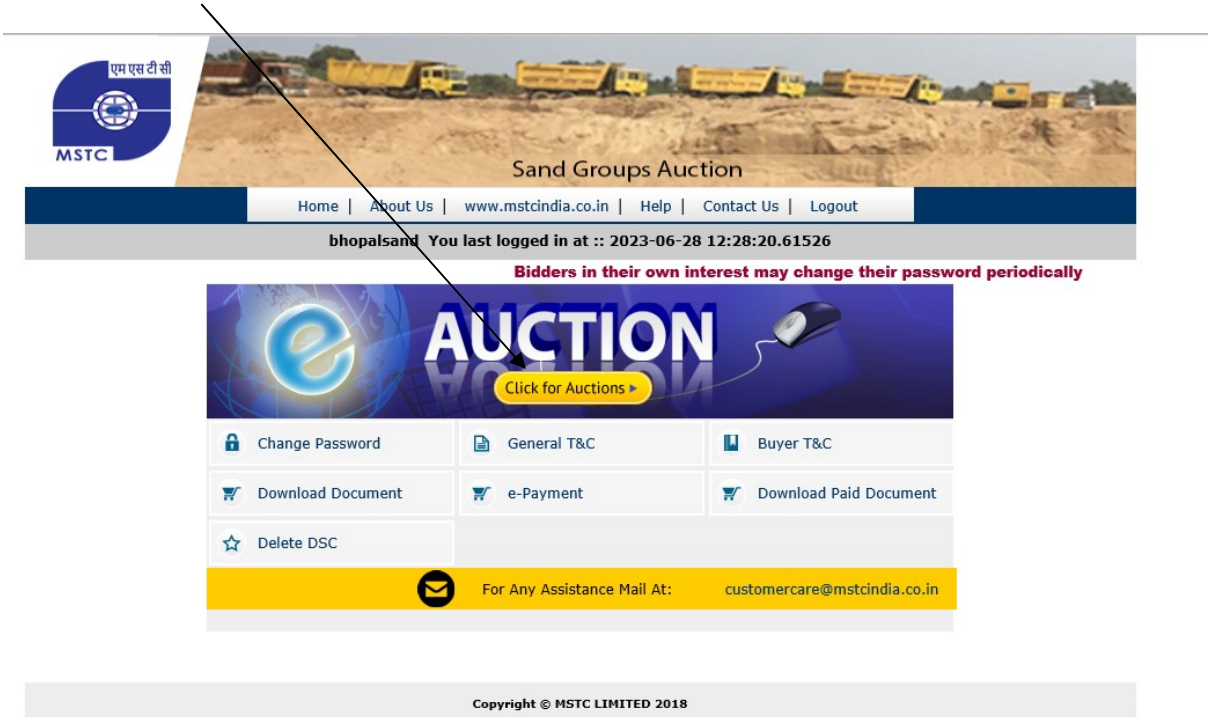
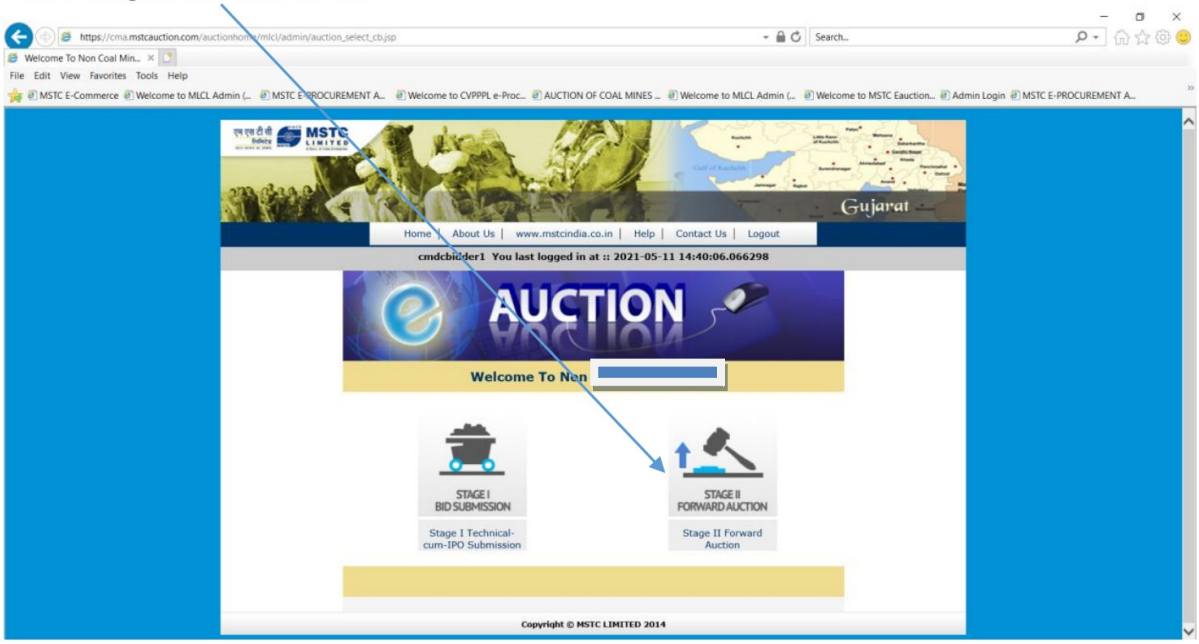
Guide for Stage II Bidding (Auction) process

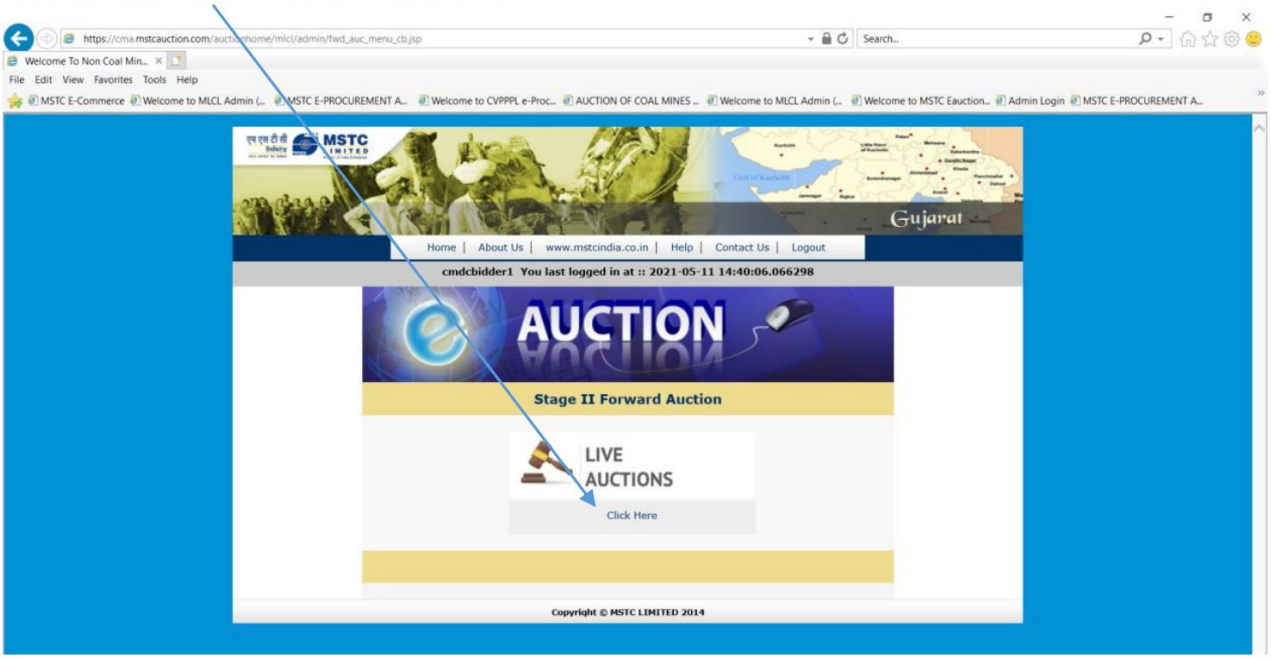
Click on "Click for Auction" to participate in Stage II – Forward Auction.



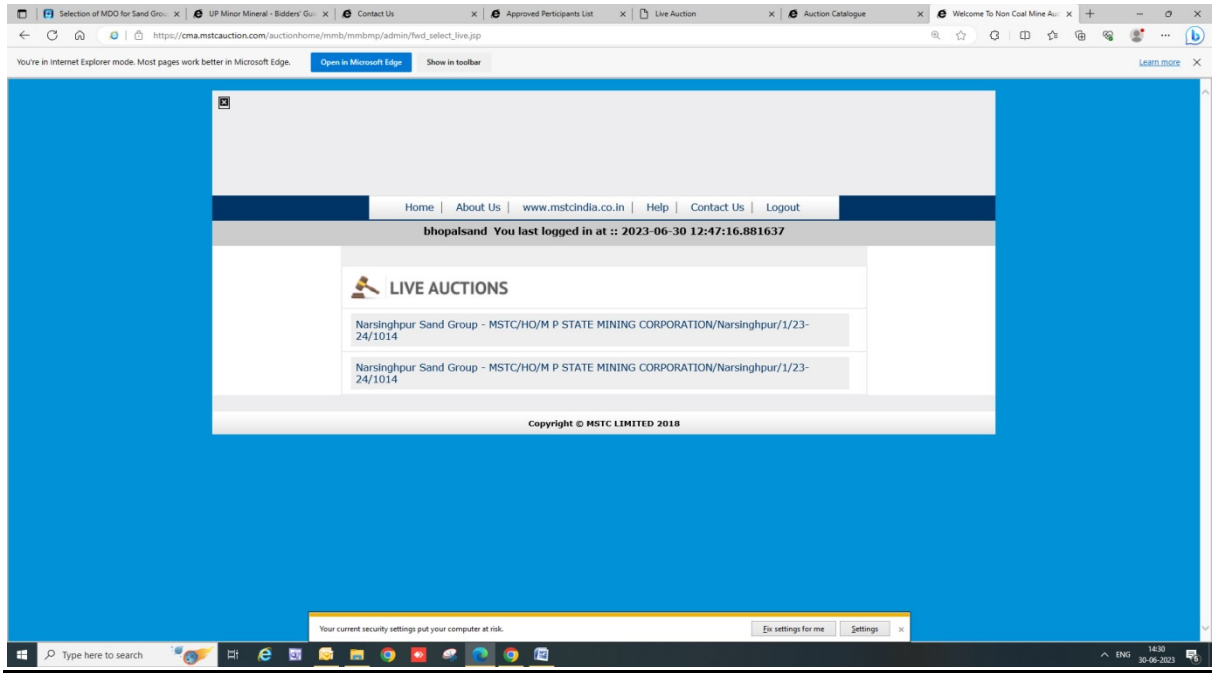
Select 'Stage II Forward Auction'



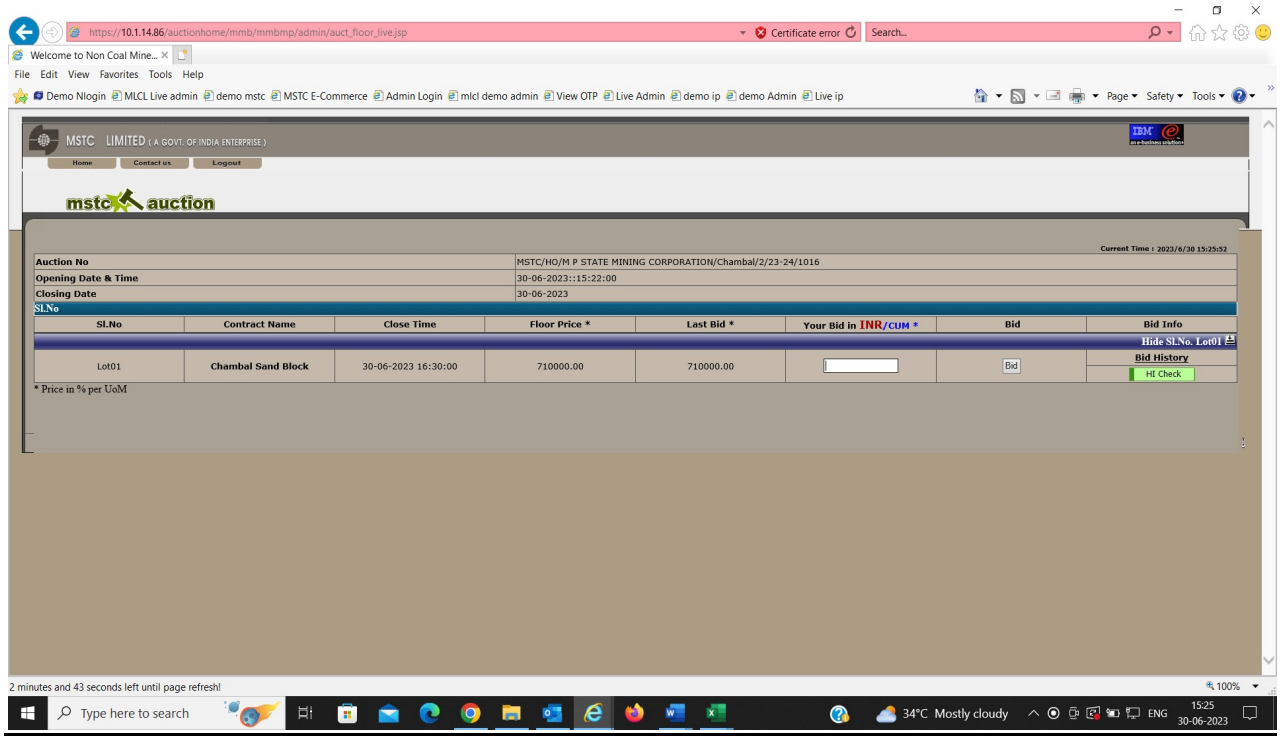
Click on ‘Click Here’ under Live Auctions



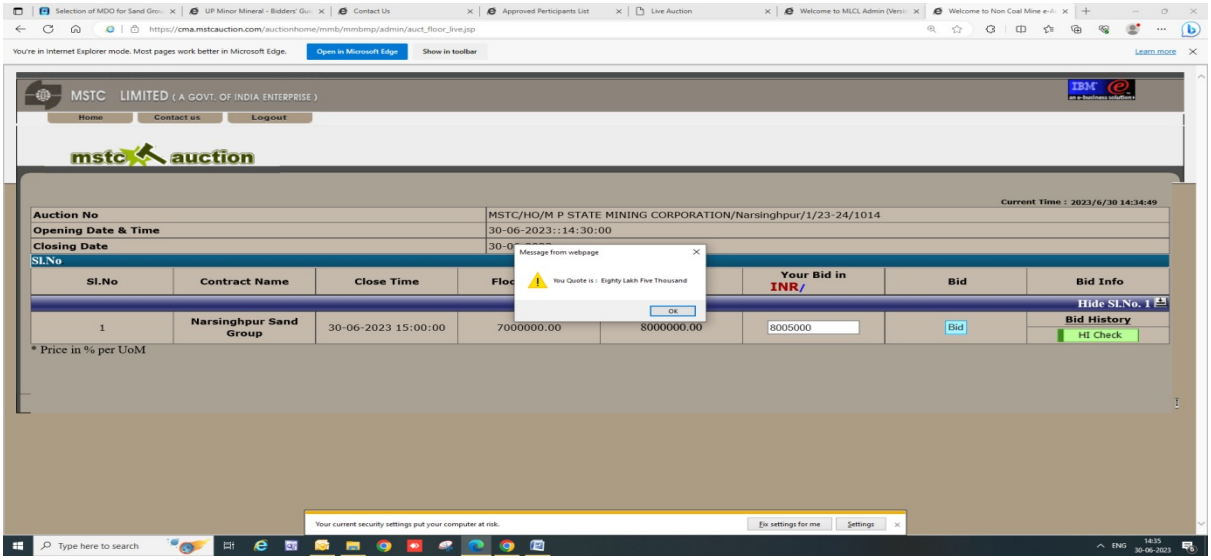
Select your auction from the list of auctions



Clicking on the auction will take you to the bid floor.

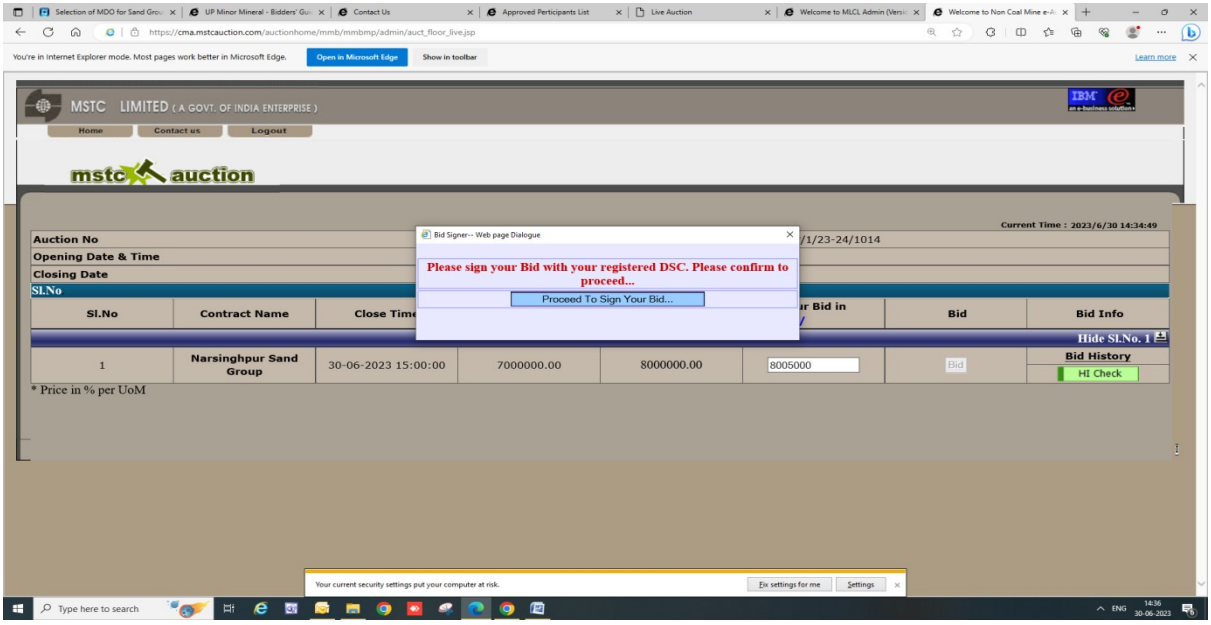


In the bidding floor the "floor price" and "last bid" shall be shown as above. The bidder should quote bids above the prevalent floor price in the given field adjacent to the "Last Bid" column.

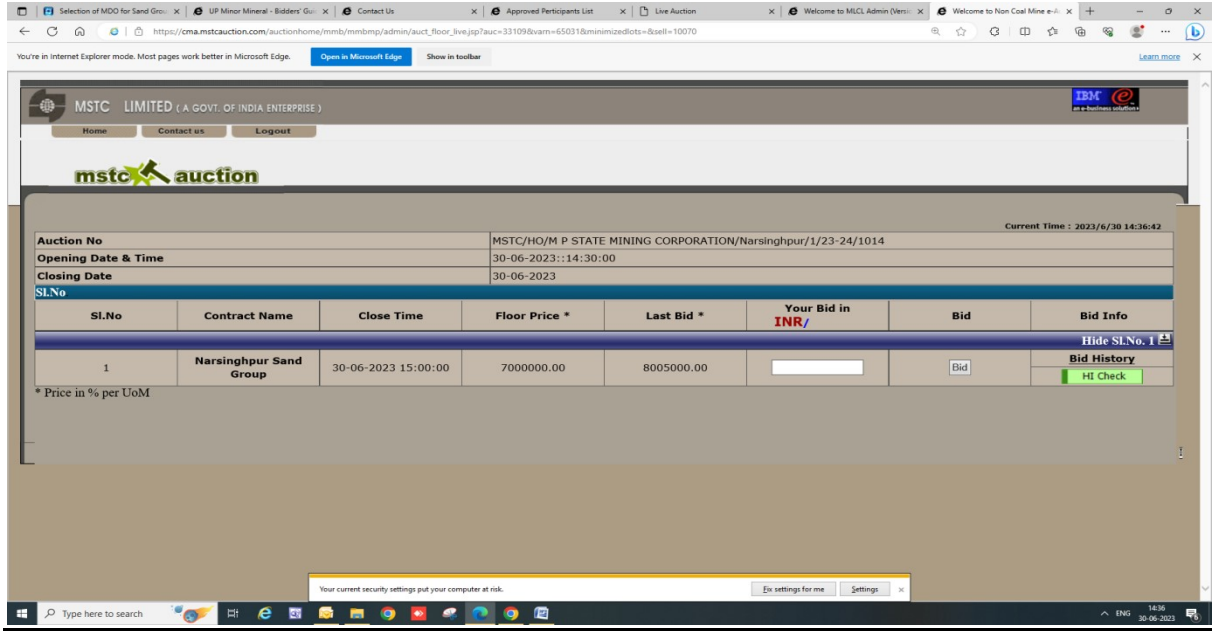


The quote in words will appear in the message box after clicking on "Bid" button, confirming which the following screen shall appear to digitally sign the bid with a DSC

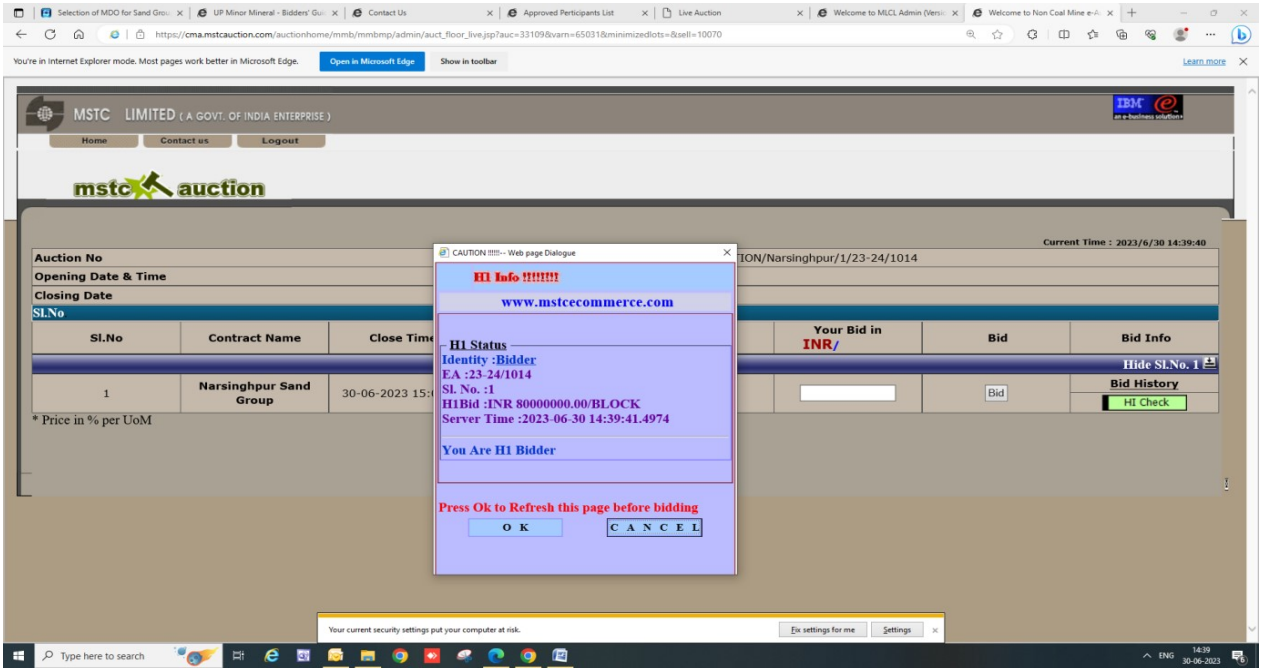
The bidder should proceed to sign the bid by clicking on the 'Proceed To Sign Your Bid' button.



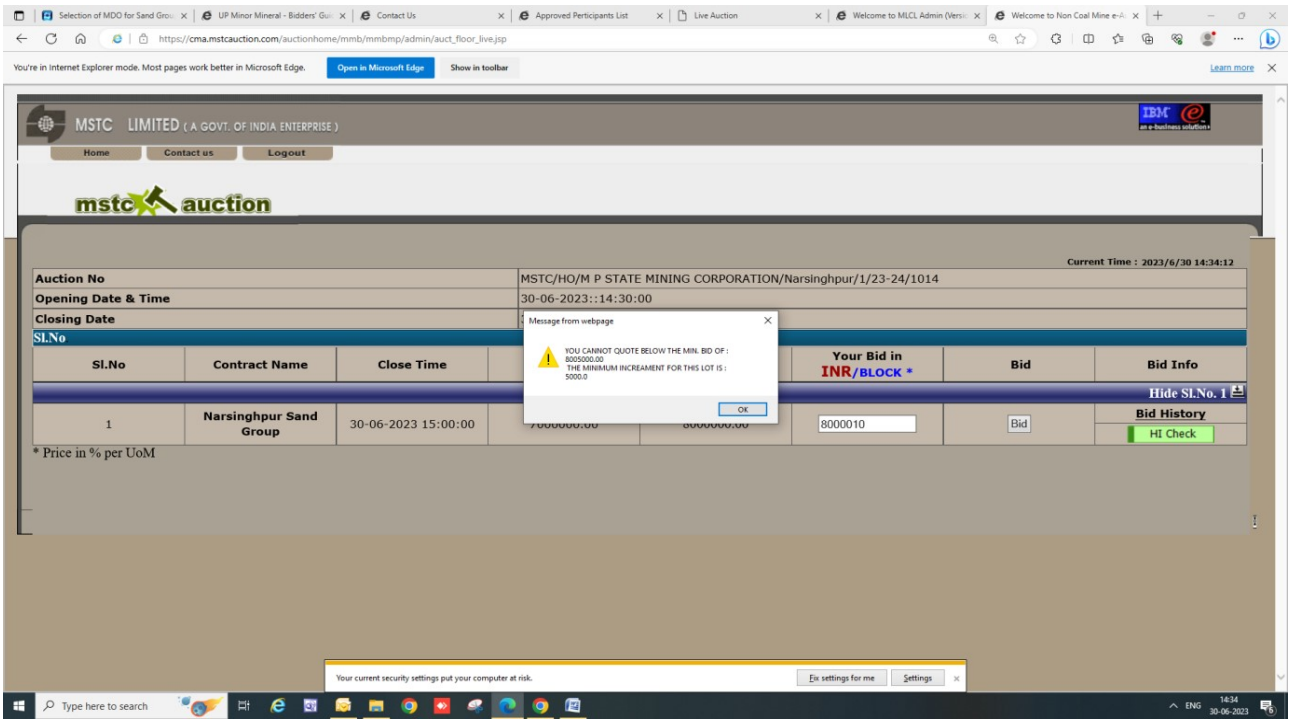
Bid Submitted



Checks and Validations

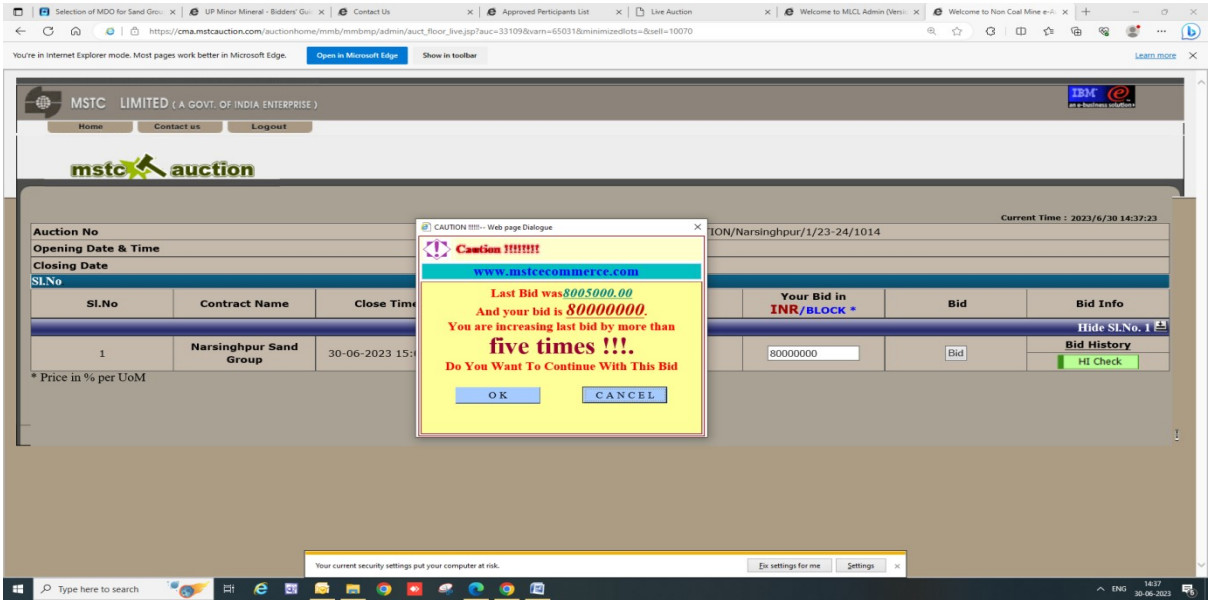


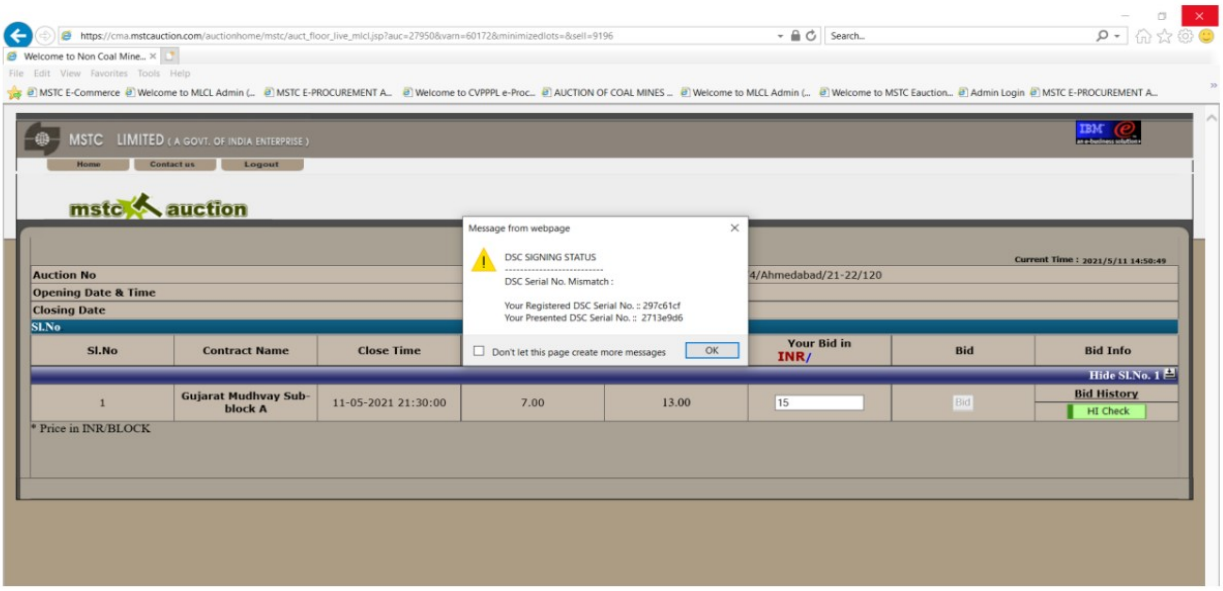
If the bidder wants to know if he is the H1 bidder or not, the bidder may click on the "H1 CHECK" button and know the status from the ensuing dialogue box



In case the bid is not equal to or multiples of the increment value, the above message appears which is self explanatory.

In any case the bidder increases his bid by more than five times inadvertently, the above message appears which shall warn him about the increase. This mechanism is to prevent and erroneous bidding by increasing the bid value by a huge margin.





In case the bidder attempts to sign the bid with a DSC other than the registered one, the above message appears which categorically highlights the mismatch between the presented DSC and the registered DSC
